

DURA-DRY® 2000 LP

*For today's High Speed
Modern Machines*

Seams:

- Reinforced non-marking seam

Benefits:

- Eliminates stretching and contraction
- Endless superior pressure transfer
- Durable, long-lasting performance

Technical Specifications

Weight	5.0 kg / m ²
Caliper	8.74 mm
Permeability	15 CFM

The information presented here is confidential and not binding

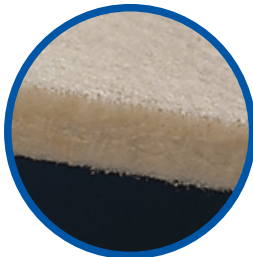

Features:

*100% heavyweight
fiber construction*

*Mechanically and
chemically interlocked
fiber and base*

*4-layer woven
base fabric*

*Heatset
for stability*
