

Line up your performance with MicroLine T614

MicroLINE T614

Albany Forming Fabrics

Line up your formation with MicroLine T614. This new tissue forming fabric delivers improved formation, increased drainage and higher tensile. These benefits will lead to increased productivity and profitability.

The MicroLine T614 provides the finest sheet forming surface in the tissue industry. This surface not only gives you benefits in formation and tensile but also improved sheet release and helps create a softer tissue sheet.

Experience the benefits of MicroLine T614!

Albany International...the value of individual solutions.

MicroLine is a trade name of Albany International Corp.
