- (b) "Buyer" means the entity purchasing the Goods as indicated on the front of the Purchase Order.
- (c) "Goods" means any goods and/or services specified in the Purchase Order to be delivered by Seller to Buyer.
- (d) "Purchase Order" or "Order" (used interchangeably herein) means the document utilized by Buyer to place an order with Supplier for the Goods as therein described and incorporates by reference these Standard Terms and Conditions of Purchase.
- (e) "Seller" or "Supplier" means the contracting party with whom the Order is placed.

1. AGREEMENT. Unless otherwise agreed to in writing by Buyer, Buyer's Purchase Order, together with these Standard Terms and Conditions, is the entire agreement between Buyer and Seller with respect to the Goods specified. No course of dealing or usage of the trade shall be applicable unless expressly agreed to by Buyer in writing. No other document, including, but not limited to, Seller's proposal, quotation, or acknowledgement form is part of Buyer's Purchase Order unless specifically agreed to in writing by Buyer. **THE SELLER ACCEPTS THE ORDER ONLY ON THE TERMS SET FORTH IN THIS AGREEMENT. ANY TERMS IN THE SELLER'S ACCEPTANCE OR ACKNOWLEDGEMENT IN ADDITION TO OR NOT IDENTICAL WITH THE TERMS IN THIS AGREEMENT ARE HEREBY OBJECTED TO AND REJECTED BY BUYER AND ARE NOT PART OF THE AGREEMENT UNLESS AGREED TO IN WRITING BY BUYER'S AUTHORIZED PERSONNEL.** No right that Buyer has regarding Buyer's Purchase Order may be waived or modified except by Buyer in writing.

2. PRICING AND TAXES. If the price is not stated in Buyer's Purchase Order or otherwise agreed to in writing by Buyer, then the price is Seller's lowest prevailing market price and includes all applicable taxes, import and export duties, impositions, and other similar charges. Seller warrants that the price charged for the Goods covered in the Order do not exceed the prices charged others under comparable conditions. Seller shall refund any excessive amount paid by Buyer. Unless otherwise agreed to in writing by Buyer, terms of payment are net 60 days from the receipt of Seller's invoice. Payment of invoices is not acceptance of Goods. All sales, excise, or other taxes and charges paid by Buyer shall be separately itemized on the invoice.

3. PACKING AND DELIVERIES. All Goods must be packed and shipped by Seller in accordance with Buyer's instructions and good commercial practice to ensure protection and prevent damage to the Goods. Goods will be shipped with a certificate of conformance and test results, as applicable. Seller is responsible for all damage caused by nonconforming packaging. Prices include all charges for Seller's packing and crating. Shipments of any hazardous materials or substances must be packaged and transported in compliance with all applicable U.S. laws and regulations. If requested by Buyer, Seller will provide Buyer with a properly executed U.S. Customs Form 7553 entitled "Certificate of Delivery," as well as U.S. Customs Form 7501 entitled "Entry Summary."

If requested by Buyer, invoices will contain Seller's certification that all Goods and services reflected in the invoice are produced and supplied in compliance with the requirements of the Fair Labor Standards Act of 1938, as amended, and the regulations and orders of the United States Department of Labor issued thereunder. Bills of lading must accompany each invoice. Except as otherwise provided in the Purchase Order, Seller agrees to use Buyer approved carriers for all deliveries.

4. TERMS OF SALES. Unless specified otherwise on the Purchase Order, the terms of sale are Ex-works Seller's dock (Incoterms 2020). The Seller is responsible for cargo loading at pick up and export clearance with local authorities. All deliveries must be in conformance with the delivery schedule and routing instructions set forth in the Purchase Order, or otherwise communicated to Buyer. Seller shall notify Buyer immediately if Purchase Order delivery requirements cannot be met or if a delay in loading of the cargo is expected due to delay in production or other reasons. The parties hereby agree that time is of the essence and if Seller's deliveries fail to meet the schedules specified by Buyer and Buyer is compelled to ask Seller to ship by other than the designated routing to expedite delivery, Seller shall assume the difference for the additional cost of transportation. Unless authorized in writing to the contrary by Buyer, Seller shall not manufacture, produce or deliver the Goods in advance of the schedule or otherwise anticipate Buyer's requirements.

5. INSPECTION, ACCEPTANCE, REJECTION. Buyer, its customer(s), and/or any governing regulatory agency shall have the right to inspect all Goods, raw materials, and work-in-progress at any time during normal business hours at the Seller's manufacturing and storage facilities and the Seller's sub-tier suppliers' facilities. Notwithstanding any prior payment or inspection by Buyer or that title may have passed to Buyer, all Goods are subject to final inspection and acceptance by Buyer at Buyer's facility within a reasonable time after delivery. Acceptance by Buyer of the Goods delivered hereunder will not limit or affect the warranty or indemnity granted by Seller. If, upon inspection, the Goods are found to be defective in material or workmanship, or not in conformity with Purchase Order, including, without limitation, the drawings and/or specifications pertaining thereto, Buyer may at its discretion, and in addition to any other rights it may have, by written notice to Seller, as to such Goods: (i) rescind Buyer's Order, (ii) accept the Goods at an equitable reduction in price, (iii) reject and hold the Goods, at Seller's expense and subject to their disposal, and require delivery of replacement goods, or payment to Buyer of the replacement cost of such Goods, or (iv) return the Goods freight collect. If Seller fails to deliver such required replacements promptly, Buyer may: (1) replace such Goods and charge Seller with the cost incurred thereby, or (2) terminate Buyer's Order.

6. QUALITY CONTROL. Seller shall establish and maintain a quality management system acceptable to Buyer for the Goods purchased under this Order. Seller shall permit Buyer to review procedures, practices, processes and related documents to determine such acceptability. Seller shall have a continuing obligation to promptly notify Buyer of any violation or deviation from Seller's approved inspection/quality control system and to advise Buyer of the quality and specific identity of any Goods provided to Buyer during the period of any such violation or deviation. Seller will maintain the accepted quality management system throughout the duration of the Order. If Seller is cited for compliance violations, Seller shall within forty-eight (48) hours so notify Buyer and within sixty (60) days must rectify the non-compliance issues. If the violation is not corrected and certification has not taken place within this time frame, then Buyer at its sole discretion may terminate this Order. Seller will notify Buyer of any significant changes that affect quality within twenty-four (24) hours of that change. These changes include, but are not limited to, change in key management or personnel, change in source of supply of key materials, and change in address or site configuration.

Seller shall notify Buyer of any: (i) changes in its product or processes; (ii) changes from its suppliers; (iii) changes of manufacturing locations; and (iv) notification of nonconforming Goods prior to shipment. All such changes shall be approved by Buyer prior to being implemented. If Seller determines, after shipment, that non-conforming product was shipped to Buyer, then Seller will immediately notify Buyer of such non-conforming product. Seller shall flow down to sub-tier suppliers the applicable requirements in the purchasing document, including key characteristics when required. Buyer, its customers, and regulatory authorities shall have the right of access to all facilities involved in the Order and to all applicable records.

7. CHANGES. Buyer may at any time by written Order to Seller make changes in the quantities ordered or in the specifications or drawings or in the delivery schedule relating to the Goods, or may change or amend any other term or condition of this Order. An equitable adjustment shall be made to any price, time of performance, or other provisions of this Order required by Buyer's changes to the Order, and the Order shall be amended in writing accordingly. Any claim for adjustment under this Article must be made in writing within thirty (30) days from the date of receipt by Seller of such change. In the absence of such notification, Buyer shall not be obligated to consider Seller's claim for an equitable adjustment resulting from a change. Nothing in this Article shall excuse Seller from proceeding with the Order as changed.

8. NEW MATERIAL. "Material," as used in this Article, includes, but is not limited to, raw material, parts, items, components and end Items. "New," as used in this Article, means previously unused or composed of previously unused materials allowing for typical in-factory or site use including, but not limited to, integration, installation, assembly, test, burn-in, training, troubleshooting, and rework as required. In addition, the New Material must not be of such age or so deteriorated, due to storage factors, as to impair its usefulness or safety.

9. COUNTERFEIT PARTS. Seller represents and warrants that it has policies and procedures in place to ensure that none of the Goods furnished under a Purchase Order are "suspect/counterfeit parts" and certifies, to the best of its knowledge and belief that no such "suspect/counterfeit parts" have been or are being furnished to Buyer by Seller. "Suspect/counterfeit parts" are parts that may be of new manufacture, but are misleadingly labeled to provide the impression they are of a different class or quality or from a different source than is actually the case. They also include refurbished parts, complete with false labeling, that are represented as new parts or any parts that are designated as suspect by the U.S. Government, such as parts listed in alerts published by the Defense Contract Management Agency under the Government-Industry Data Exchange Program (GIDEP). Parts furnished under a Purchase Order shall be purchased directly from the Original Component Manufacturers ("OCM")/Original Equipment Manufacturers ("OEM") or through the OCM/OEMs Franchised Distributor. Seller shall maintain

documented systems (policy, procedure, or other documented approach) that provides for prior notification to Buyer and Buyer's written approval before parts or components are procured from sources other than OCM, OEM, or OCM or OEM's Franchised Distributor. Seller shall provide copies of such documentation for its system upon Buyer's request. Seller's systems shall be consistent with applicable industry standard, for the detection and avoidance of counterfeit electronic parts, including flowing down requirements to subcontractors. If Buyer reasonably determines that Seller has supplied suspect/counterfeit parts to Buyer, Buyer shall promptly notify Seller and Seller shall immediately replace the suspect/counterfeit parts with parts acceptable to Buyer. Notwithstanding any other provision contained herein, Seller shall be liable for all costs incurred by Buyer to inspect, remove, and replace the suspect/counterfeit parts, including without limitation, Buyer's external and internal costs of removing such counterfeit parts, of reinserting replacement parts and of any testing necessitated by the reinstallation of Seller's Goods after counterfeit parts have been exchanged. In addition, Buyer may unilaterally terminate any Purchase Order for convenience depending on the impact of the delivery of suspect/counterfeit parts on the Seller's overall performance on the Order. Seller's warranty against suspect/counterfeit parts shall survive any termination or expiration of the Order.

10. STOP WORK. Buyer may, at any time by written order to Seller, direct Seller to stop work, in whole or in part, for a period of up to ninety (90) days. Upon receipt of such stop-work order, Seller shall comply with the terms of such order and shall take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within said ninety (90) day period, Buyer shall either cancel the stop-work order or terminate the work covered by the stop-work order. In case of termination, the terms of Article 25 shall apply. In the event of a continuation of the work, equitable adjustment shall be made to the price, delivery, schedule, or other provision affected by the work stoppage, provided the claim for equitable adjustment is made within thirty (30) days after said continuation.

11. BUYER'S PROPERTY. If any designs, sketches, drawings, blueprints, patterns, dies, molds, models, tools, gauges, equipment or special appliances should be made or procured by Seller, especially for producing the Goods covered by an Order, then immediately upon manufacture or procurement they shall become the property of Buyer or Buyer's customer. Seller shall maintain procedures for the adequate accountability, storage, maintenance and inspection of such items and shall make such records available to Buyer upon request.

12. FURNISHED PROPERTY. Buyer may provide to Seller property owned by either Buyer or its customer (Furnished Property) as set forth in the Order. Furnished Property shall be used only for the performance of the Order, or for the performance of a direct contract between Buyer's customer and Seller where Seller has obtained specific approval from Buyer's customer authorizing such use. Title to Furnished Property shall be retained by Buyer or its customer. Seller shall clearly mark (if not already marked) all Furnished Property to show ownership. Except in accordance with Buyer's written instructions and while in Seller's possession, Seller shall prevent the comingling of Furnished Property with other materials. Except for reasonable wear and tear, Seller assumes all risk of loss, destruction, or damage of Furnished Property while in Seller's possession, custody, or control. Upon request, Seller shall promptly provide Buyer with adequate proof of insurance against such risk of loss. Seller shall promptly notify Buyer of any loss or damage. Without additional charge, Seller shall manage, maintain, and preserve Furnished Property in accordance with good commercial practice.
